## Program Sponsorship

Medical Device Playbook Program Sponsorships provide brand exposure, lead opportunities, networking and the opportunity to initiate mutually beneficial relationships with med tech entrepreneurs, start-ups, leaders, and influencers.

Position your organization as a leading medtech entrepreneur supporter and service provider.

- Connect, lead, and share your expertise
- Become part of attendees' commercialization journeys
- Gain leads, resources, and insights

It gave me a better sense that we can do “the impossible” and bring safety-critical medical devices to market with a small team.
